ANNOUNCEMENTS

To the Democratic Voters of the Fifth District: I respectfully ask to be nominated for Congress from this District, and agree to abide the results of the Democratic Primary Election. I will not be able to spend much time in the District this summer, because of the great amount of important legislation growing out of the war situation, but will attend meetings in the District whenever possible. It is absolutely essential for Congressmen to be at their post at this time.

SHAME ON SOUTH CAROLINA

DO YOU KNOW that in the sale of Thrift and Savings Stamps, while York now stands seventh among the counties of South Carolina, its sales are only 25 Cts. per capita? And among the States we stand at the very bottom—forty-ninth—only 15c per capita, while the State of Nebraska has bought \$1.39 worth for each man, woman and child in the State.

For week ending March 16th, York stood twenty-third County in South Carolina, with only \$14,040.00 worth of sale.

What Are You Doing? Not some one else, but YOU. Let us do better next week and get back up in at least 25 Cts. per capita among the Counties of South Carolina, thus helping ourselves and helping the Government.

Very respectfully,

DID YOU KNOW—

That the owner of an Automobile is just as liable for damages inflicted by his car, either to life or property, as a railroad, a cotton mill or any other corporation? Whether you are aware of the fact or not, you may have a rude awakening some of these days after you have accidentally killed or maimed somebody or damaged another's car or other property.

The only safe plan is to carry liability insurance. Infinitely more money is paid out annually by companies writing Automobile Liability Insurance than by those writing Automobile Fire Insurance. Losing your car by fire, even though it is not insured would not break you up, but being called on to pay \$5,000 to \$10,000 damages might. It would certainly far most of us.

It will not cost you anything to look into the matter, and might save you from bankruptcy.

TAKE CARE OF YOUR EYES

YOUR EYES are without a doubt the most important organ of the body and should be taken special care of. You should have them carefully examined occasionally whether you wear glasses or not. If it be found, honest Shielder and Protection you want, see Shielder, "The Optometrist"; if it be Style you want, see Shielder also; if it be the Best Glass money can buy, you want to see Shielder; but if it be a big lot of money you want to spend, see some one else.

Ask the hundreds of glad souls who have been to see me about my work and prices, and see what the man that fit you with glasses did for your pocketbook.

All Examinations Free.
